

# Service

## Service Number 1

- "Deluxe Lube, Oil and Filter" \*

## Service Number 2

- "Deluxe Lube, Oil and Filter" \*
- Rotate Tires
- Minor Fuel Service (CF-5)

## Service Number 3

- "Deluxe Lube, Oil and Filter" \*
- Performance Oil Change

## Service Number 4

- "Deluxe Lube, Oil and Filter" \*
- Rotate Tires
- Fuel Induction Service

## Service Number 5

- "Deluxe Lube, Oil and Filter" \*
- Rotate Tires
- Minor Fuel Service (CF-5)
- Transmission Flush
- Power Steering Flush
- Brake Fluid Flush
- Performance Oil Change
- Battery Service
- Fuel Filter

## Service Number 6

- "Deluxe Lube, Oil and Filter" \*
- Rotate Tires
- Minor Fuel Service (CF-5)
- Cooling System Flush

## Service Number 7

- "Deluxe Lube, Oil and Filter" \*
- Rotate Tires
- Cooling System Flush
- Fuel Induction Service

## Service Number 8

- "Deluxe Lube, Oil and Filter" \*
- Rotate Tires
- Performance Oil Change
- Fuel Induction Service
- Transmission Flush
- Power Steering Flush
- Brake Fluid Flush
- Battery Service
- Fuel Filter

# Commitment

\* Included in our "Deluxe Oil Change" is the inspection or addition of the following items:

- Install oil conditioner to minimize engine wear
- Tires (check for wear and inflation)
- Battery (for level and terminal connections)
- Cooling system (check hoses)
- All vital fluid systems (for condition, strength, contamination, level, leaks, and top-ups where appropriate)
- Exhaust system inspection
- Suspension and steering (including all linkages)
- Electrical system (check all lights, horn)
- Check air filter (most vehicles), wipers, belt (s), PCV valve and crankcase filter, lubricate all locks and hinges
- Install "next service" sticker, Road test
- 4 months free roadside assistance

\*Add CF5 to fuel tank for BG Protection Plan Fuel Coverage

**Deluxe Oil Change Rewards Program**

## MAINTENANCE SERVICES

### Deluxe Lube, Oil, and Filter \$ 34.95

We will drain the oil in the vehicle and install a new premium grade oil and filter. As well we will lubricate any factory supplied grease fittings. This is in addition to the steps performed above.

### Performance Oil Change \$ 59.95

Before doing your oil change, we install and circulate a powerful cleaner to remove damaging sludge and deposits from your lubrication system. Then using special equipment we air purge and prime the lubrication system installing a high quality oil and engine conditioner to prevent oxidation and reduce friction and wear.

### Rotate Tires \$ 20.00

Inspect tires regularly for wear, tread depths and rotate every 10,000 km. Includes pressure check and re-torque wheels to specifications. Regular tire maintenance increases tire life and can correct irregular wear.

### Fuel Induction Service \$149.95

Using specialized equipment, our technicians will quickly and effectively clean fuel injectors, intake manifold, ports, intake valves and combustion chamber. This service will restore lost power and performance and will reduce harmful exhaust emissions.

# Performance

## Automatic Transmission Flush

**Synthetic Fluid \$279.95**

Using the latest in state-of-the-art technology, we will install a safe and effective cleaner to suspend harmful varnish and sludge from the transmission valve body, torque converter, and lines. Flush out old oxidized fluid and install new high-tech fluid with conditioners.

## Power Steering Flush \$ 94.95

Our technicians use a powerful cleaner to dissolve gum and varnish in your car's power steering unit. Next, we will flush out old, worn-out contaminated fluid and install new fluid fortified with special anti-oxidizing and anti-wear ingredients.

## Brake Fluid Flush \$ 69.95\*

Brake fluid absorbs moisture over time which affects it's performance and the life of brake components. Using specialized equipment, we will flush the system with new fluid to remove contaminants and restore proper braking. \*Extra charge if bleeder screws seized.

## Battery Service \$ 29.95

This service will quickly and safely removes accumulated corrosion deposits from battery cables and terminals. We also install anti-corrosion pads to prevent future deposit formation. This service is guaranteed for 2 years.

## Fuel Filter Service \$ 74.95\*

Recommended every 50,000 km to extend the life of the fuel pump. \*Most vehicles

## Cooling System Flush \$ 99.95\*

Install flush to loosen harmful deposits which reduce heat transfer. Refill with O.E. spec. antifreeze, install cooling system corrosion inhibitor kit and water pump lubricant. \*Coolant extra

## Drive Line Service \$139.95

We will remove old fluid and flush differential where possible. After inspecting components, we will install a high quality gear oil with a special additive to condition seals and friction material in limited slip units

## Air Conditioning Service \$ 84.95\*

Visually inspect all fittings and hoses. Disinfect and deodorize air conditioning system. Install Frigi-Quiet II Oil to quiet the compressor and reduce wear. Check operating pressures. \*Plus refrigerant

## Four Wheel Alignment \$ 79.98

Regular checking and maintaining of alignment angles will minimize tire wear and increase safety. This includes checking and adjusting all applicable factory adjustments

## Pre-emission System Service \$199.95

We will check the fuel delivery system, then using specialized equipment, we quickly and effectively clean varnish and gum build-up from fuel injectors, clean carbon from intake manifold ports, valves and combustion chamber. We then clean the crankcase of fuel and oil deposits. This service reduces harmful exhaust emission and will restore lost power and performance.
